## BIOGRAPHICAL NOTE.

John Tyler, son of John and Mary Tyler, was born in Wallingford, Conn., August 15, 1742. He was graduated from Yale College in 1765 (being valedictorian of his class), and from Columbia College in 1767. In 1769 the latter institution bestowed upon him the degree of Master of Arts. Sailing from New York May 12, 1768, in the ship Edward, Captain Miller, he arrived at London June 11, and was ordained Deacon June 24, and Priest June 29, by the Bishop of London. July 15 he was appointed to the mission in Norwich, Conn., by the Society for the Propagation of the Gospel. active work as Priest in charge of Christ Church, Norwich, began November 1, 1768, and continued until his death, January 21, 1823. May 6, 1770, he married Hannah, daughter of Isaac and Elizabeth Tracy.

## JOURNAL OF MY VOIGE TO ENGLAND FROM NEW YORK MAY 4th A 1768

I left Wallingford: 5<sup>th</sup> New Haven: 6<sup>th</sup> at Night left Stratford: next morning 7<sup>th</sup> left New Feild Harbour: 8<sup>th</sup> left Black Rock: 9<sup>th</sup> continued in the Sound all Night 10<sup>th</sup> left Tommy Hunt's near Hell-Gate and came to New York; 8 o'clock in the fore, Noon; in the afternoon pay'd capt Thomas Miller 21<sup>£</sup>=0<sup>5</sup>=d<sup>d</sup> Sterling for my Passage to London: and about Sun down left New York and came and lodged at Statten Island; 11<sup>th</sup> left Staten Island & Imbarked on boar the Ship Edward, Captain Miller: 12<sup>th</sup> at five in the morn weigh'd Anchor from the Hook & put to Sea with a good notheasterly Brease, which turned to south west in the after noon, and blew fresh all Night, weather fair and good, rather cool.

May 13th Friday an excellent Brease at S. W all Day.

Saturday; 14<sup>th</sup> in the afternoon arose a Storm from the Southeast which continued all night violent: Sunday 15<sup>th</sup> in the morning the wind turned

to N-west. Sprung our maintop mast. The clouds breaky which continued all day with a ruf Sea, & at night cleared away.

Monday 16th a pleasant Day with a good Brease from N. norwest and all that Night.

Tuseday 17th a steady Brease from the west and a very pleasant day.

Wednesday 18th Pleasant wind s. w.

Thursday 19 We were of the Newfound Land. hot and almost calm wind at s. west, at night calm and rained now and then a Breath of air from the north East.

Friday 20th wind at northeast but almost a calm: turned north at Night.

Saturday 21<sup>th</sup> a brisk S. wester and pleasant in the forepart of y<sup>e</sup> Day. we Split our main top sail; at Night cloudy Notheast noth & nothwesterly wind a tempestuous night.

Sunday Whitsunday 22<sup>nd</sup> of May Notheasterly by Noth wind & boisterous Sea in the Forenoon: N: west & boisterous sea in the afternoon til night then moderated.

Monday 23<sup>d</sup>: morning a pleasant Westerly Brease: P. M. a fresh S: Wester we go 11. knots an hour, wind increases, and thick cloudy towards Night: a tempestuous Night: we suppose ourselves to half-way from N. York to England, or more

Tuseday 24th Forenoon tempestuous wind at South West; at 12:0'clock, in 24 Hours past we have gone 234 Miles on our Passage a direct course:

afternoon a smooth sea and pleasant S:West Brease—

Wednesday 25<sup>th</sup> of May—calm in the morning: 11 sermons S.W: wind the rest of the Day; cloudy and foggy all Day——

Thursday 26th of May. a very light Breath of Air from the N:E: but almost calm all Day; cloudy

and foggy-

Friday 27<sup>th</sup> of May 1768—cloudy and foggy all Day, a very small Brease from S. W. in the morning which continued all Day increasing from the same Quarter; in the Evening we go 7 knot an hour: wind increasing—and a smooth sea—

Saturday 28th of May—In the morning the clouds disperge & by noon the Sky is clear; wind in the morning at N. N. E, at at noon N. N. W. & a good fresh Brease: at noon in 44d:31th: North Latitude & by our Log-Book Reconing, in 30d:00th: West Longitude:—at, 3 o'clock P. M. we discovered a Sail, 2 masts, but pretty large to the north of us very distant: wind contines N. W. the remainder of the Day and Evening blos fresh, sea pretty smooth—ful 3 Quarters of ye Way to England

Sunday 29<sup>th</sup> of May—In the morning we discovered a Ship to windward of us; at noon we are in 46<sup>d</sup>: N. Latitude, & 26<sup>d</sup>: 30<sup>m</sup>—W. Longitude—wind at N. W, and a ruff Sea all Day: the Brease fresh & good—a tempestuous Night—

Monday 30th of May-Wind at N. W. a large

swel of the Sea: at noon we are in  $47^d$ ;  $29^m$ —N. Latitude &  $21^d$ ;  $50^m$  W. Longitude—a cold Squally and tempestuous Day with a high Swel of the Sea—

Tuseday 31<sup>st</sup> of May—Wind nearly at West, at noon we are in 48<sup>d</sup>, 37<sup>m</sup>. N. Latitude—and in 18<sup>d</sup>, and some minutes. W. Longitude: a pleasant Day, but cool and a ruf Sea: wind changes at Night to S. W. smal Brease—

Wednesday June 1<sup>st</sup> 1768. Cloudy, wind S. S. E ante M, no observation, but suppose at noon we are in 49<sup>d</sup>=00<sup>m</sup> N. Latitude, & about 14: west Longitude, wind P. M- S. W: small Brease and smooth sea—

Thursday 2<sup>nd</sup> of June A. 1768. A. M. a light Brease from S.W. almost calm; sea very smooth—clouds break away a little, and at noon we have a very good observation and find ourselves in 49<sup>d</sup>= 05<sup>m</sup>—N. Latitude: in 11<sup>d</sup> =46<sup>m</sup>=West Longitude. Wind at S. by E.—allmost calm—sea very smooth clears away verry Pleasant, but thick Fogg cums up just before Night—

Friday, 3<sup>d</sup> of June—A. M. almost Total calm, a very small Breath of Wind S. Easterly: a little cloudy: but pleasant: in 49<sup>d</sup>:: 19<sup>m</sup>. N. Latitude; and 10<sup>d</sup>:: 30<sup>m</sup>—W. Longitude: a Good Observation at noon—P. M. almost calm a Breath of Wind at E. Southerly—

Saturday 4<sup>th</sup> of June—A pleasant clear sky, cool, wind fresh from E. by S: sea smooth A. M. at noon we are in 50<sup>d</sup>=13<sup>m</sup>—N. Latitude: and by our

Reconing in West Longitude—P. M Sea begins to riseing, becomes boisterous by Night, wind the same only freshens; just before E. it turns to about South—

Sunday 5<sup>th</sup> of June 1768. A. M. wind S. E; grows cloudy & blows 'fresh, ruff sea: by observation at noon we are in 49<sup>d</sup>=43<sup>m</sup>—N. Latitude: P. M. wind S. E. fresh gale and a very tossing sea, & rains; thick weather, 5 o'clock we spy a ship to windward, make a signal to speak with her, but from the Difficulty of hailing or coming up with her, we desist, and pass on. Just before dark, wind dies away, hauls also to S. clears away, calm, —Wind about 9 o'clock S. W. blows very hard, excedingly tossed in the calm, and in the new wind—

Monday 6th of June—A. M. wind gentle at S. W. Ship we saw yesterday not out of sight—we see two more, hoist our Jack. at noon in 49<sup>d</sup>=17<sup>m</sup> N. Latitude—P. M. 1. o'clock spoke with Cpt Budden 9 days out from London bound for Philadelphia—68 leages from the Lizard—wind small, southerly a clear Day—

Tuseday 7<sup>th</sup> of June A 1768. A small Brease S. Easterly wavering heads our tacks all Day, clear & pleasant, sounded in 64 Fathom water at one P. M o'clock—a number of sail in sight, spoke with one from Antigua to London. at noon in 49<sup>d</sup>=42<sup>m</sup>. N. Latitude—

Wednesday 8th of June 1768-A. M.-calm

mostly, some air from S. E. sounded in 65 F. water, warm and pleasant at noon in 49<sup>d</sup>=40<sup>m</sup> N. Latitude—P. M, several ships in sight—one sloop; 2 o'clock a fine fresh Brease from S. W. continues all Day—

E. blows very fresh before night, at 4 o'clock we sounded & found ground at 28 fathoms water, we lie too at Night, and then bear off South East, because the wind blows very hard and the Sea high—

Saturday 24 of September, a very stormy morning continues all Day—a high sea and Violent Gale at N. E. We make the best of our way out to sea; towards night we stand to the North, at sun set it looks breaking—wind less—

Sunday 25<sup>th</sup> of September—at 2 o'clock in the morning the wind turns to N. W. by N. we are in 13 fathoms water, we put out to sea again, in the morn stand in for shore, the wind turns to W. N. & at noon the sea grows smoth and we have a calm all the afternoon, in the Evening the wind Breezes at S. West, a pleasant Evening—

Monday 26th of September—At one O'clock in the morn we saw the high Lands and were close by them at sun-rise we entered the Hook at 8 o'clock.—half after 9. took the Pilate Boat and Landed at New York at 4 o'clock afternoon—took Lodgings at Van Dyck's—

Tuseday 27<sup>th</sup> of September—I visited all my Friends in N. York—

Wednesday 28th of September. I got my things on board Capt Arnold's sloop for New Haven—

Thirsday 29th of September—I settled with C'pt Miller for my Passage—

Friday 30th of September. I was overset in the Ship Edward, and like to have lost my Life:—one man was kill'd & Several wounded.—

Saturday 1st of October. 1768—I din'd with Mr Ogilvie: at Even sail'd with Stowe & Alling from N. York for Stratford—

Sunday 2<sup>d</sup> of October—I arrived at Stratford before night—Lodged at Dr Johnson's—

Monday 3<sup>d</sup> of October—I din'd with the Officers of the Troop & Train band at Stratford—& saw my Dulcina del Tobosa

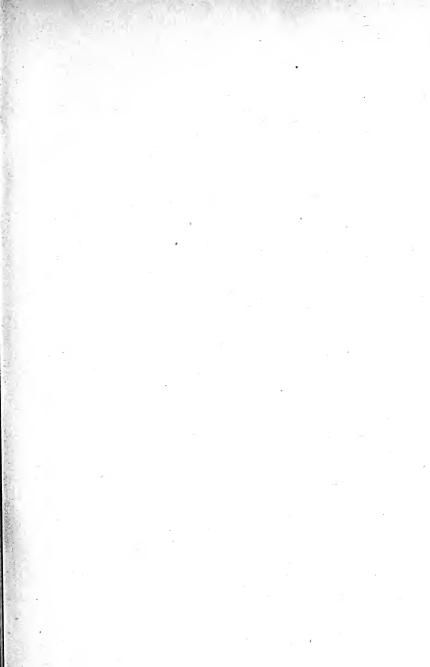

Tuseday 4th of October-

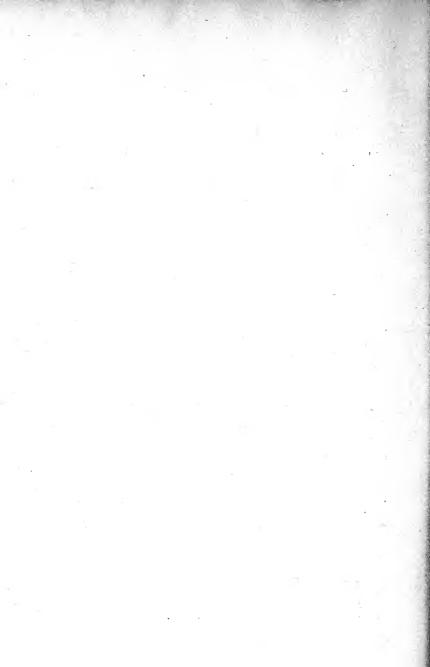

Spent an hour with my Dulcina & left Stratford & came at Even into New. Haven

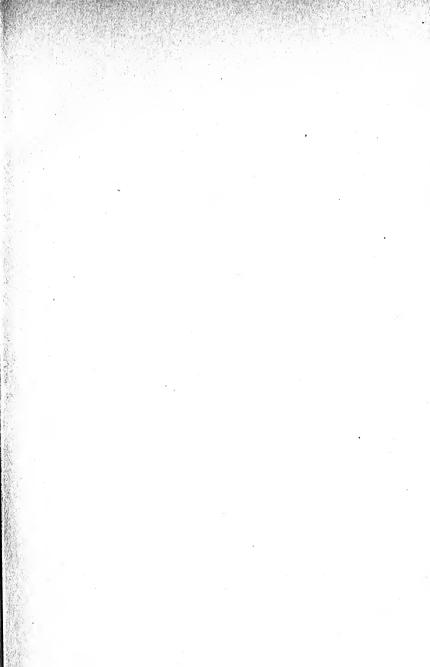

Wednesday 5<sup>th</sup> of October. I left N. Haven & arrived at Even at Mr Andrews's where I Lodged—
Thirsday 6<sup>th</sup> of October. I arrived at my Fathers before 11 o'clock, A. M.

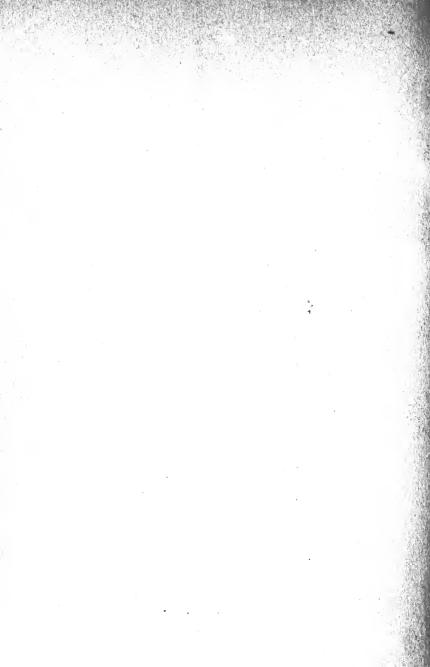

November 1st 1768.

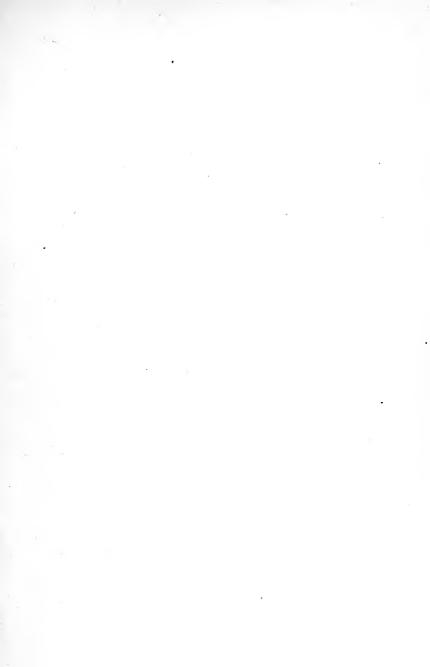

I arrived at my Mission at Norwich-
